ABOUT FAST NUCES

FAST NUCES Karachi is a highly ranked university in Pakistan, recognized for its excellence in computer science, business administration, and engineering education. The university consistently ranks among the top institutions in the country for its quality of education and research output. FAST graduates are in high demand across industries, particularly in technology, finance, and engineering sectors. The university's emphasis on practical skills and industry relevance ensures that its alumni are highly employable, with many securing top positions in leading companies, both in Pakistan and abroad.

FAST Karachi offers a well-rounded student experience, with a strong focus on competitions, student societies, and extracurricular activities.

Societies like the The Literary Club, ACM NUCES, Data Science Society play an active role in organizing events and workshops that enrich the academic and professional development of students. . The university also encourages participation in sports and other non-academic activities, creating a balanced environment for personal growth and leadership development.

THE LITERARY CLUB

TLC, the Literary Club at FAST NUCES Karachi, holds a prominent position among all student societies. It actively promotes various literary activities, including

students and talented individuals with a platform to exhibit their creative potential. TLC will aim to empower the voice of students and encourage the exploration of their individuality.

debates, declamations, painting and sketching, and story writing.

This year TLC aims to foster a love for art and literature, and provide

THE GRAND DEBATE

The Grand Debate is a flagship event of FAST NUCES under the banner of The Literary Club, where debaters and orators take part to present their stance well evident and authenticated. In The Grand Debate, students are delegates presenting their thoughts, defending their statements and proposing their objectives. In this event held at FAST NUCES Karachi (Main Campus), the heat of the moments captured is admirable.

For a long time, TLC has focused on training its individuals to become strong debaters. Thus, the society focuses on featuring TGD to allow the participants to learn and practice the art of advocacy by debating as delegates. As the event started yielding magnificent results, TGD has become one of the most successful and admirable event.

Stating about the event day, every participant lift up the atmosphere with their energy and enthusiasm which is second to none. Being a popular event, the success doubles when support of individuals is with the team. TLC has always looked into making the event lively. Hence, the presence of well-known public figures has indeed been a plus point for the event. Furthermore, after a tiring session of an entire day, the participants deserve a chance to be entertained and TLC takes all that into account!

In The Grand Debate held in 2017, TLC featured a well-known Pakistani activist, and a lawyer Sir Jibran Nasir, who appreciated and appraised the confidence of the participants. In TGD 2021, TLC recorded the highest number of registrations from around different institutions of Karachi. The gratifying fact of all these successful TGD's is the untiring efforts of the team TLC and its volunteers who give their best to encourage active participation of the candidates and ensure a friendly environment.

The Grand Debate traditionally spans one day but this year the event is set to ascend to new heights, as it expands to two-days extravaganza making it more comprehensive and enriching experience.

LEGACY OF TGD
